

# Harbor Ridge Middle School

## Peninsula Public Schools

Harbor Ridge Middle School is located on a promontory in picturesque Gig Harbor. The existing facility was constructed in several phases commencing in the 1920's and had a cultural connection to the community.

The District worked with the community to ensure “connectivity” to the past. Original brick was incorporated into the façade of the commons and with an original window into a “History Wall”.

Phase I replaced the classroom, kitchen and gymnasium portion of the existing facility. Phase II will replace the arts, science and auxiliary gymnasium. New features include team teaching rooms, updated data and communications systems and air conditioning.

*Greene Gasaway*

- Phase 1
- Occupancy: 2003
  - Area: 53,893 SF
  - Cost: \$7,500,000

- Phase 2
- Occupancy: 2006
  - Area: 22,823 SF
  - Cost: \$6,481,785
